 Write a function to determine the grade for each student. **(6 marks)**
- c) (i) Type the following paragraphs in Ms Word and save the file in the computer by your file names. Check the paragraphs for any spelling and grammatical errors. **(6 marks)**

An estimated 109 people were last evening confirmed missing following a series of devastating landslides that buried villages along Mt. Elgon in Baduda Uganda on Monday. The villagers were buried 60km from the Kenyan boarder at Lwakhakhan under mud and boulders, resurrecting memories of the March 2010 and August 2011 landslides in the same areas. Residents, using what they could find, dug through mounds of mud in a desperate attempt to rescue their loved ones. Officials last night confirmed that 18 people had died and 10 hospitalized.

- i) Insert the heading “18 killed as Landslide Burry Ugandan Villages” to the document you typed above. **(2 marks)**
- ii) Change indentation for the paragraphs to hanging. **(2 marks)**
- iii) Use an appropriate tool and generate synonyms for the word “burry” in the title and type the list below the paragraphs. **(2 marks)**

SECTION B (Answer Any Two Questions)

Question Two (15 marks)

- a) List **THREE** advantages of using spreadsheets applications. (3 marks)
- b) Describe **SIX** features of a Word Processing application. (12 marks)

Question Three (15 marks)

- a) Name **THREE** Database Management Software. (3 marks)
- b) Explain **SIX** benefits of using a Database Management System. (6 marks)
- c) List **SIX** data types used in Ms Access. (6 marks)

Question Four (15 marks)

- a) Describe **THREE** advantages of using Spreadsheets. (6 marks)
